

CB 100

For Solvent-Free Cleaning

DISSOLVES PAINT & GREASE WITH ZERO WASTE

CB 100 is a solvent-free, water-based hand spray made from renewable raw materials. It's extremely effective at cleaning all ground-care equipment with zero waste and zero environmental impact.

Regularly used to cleandown white lining equipment and high-precision mowers by customers at training grounds, stadium facilities and workshops.

- VOC-FREE
- NEUTRAL PH
- ZERO WASTE
- HIGH PERFORMING

THE KEY THINGS TO KNOW ABOUT CB 100

- ▶ Low foaming, cold cleaner alternative
- ▶ Water-based, pH neutral
- ▶ Phosphate & solvent-free
- ▶ High performance cleaning power in the removal of strong contaminants like grease, rubber marks, bitumen, wax residue, paint and greass stains
- ▶ Smells of apples

As chosen by FGR
"the worlds first UN-certified
carbon-neutral football club"

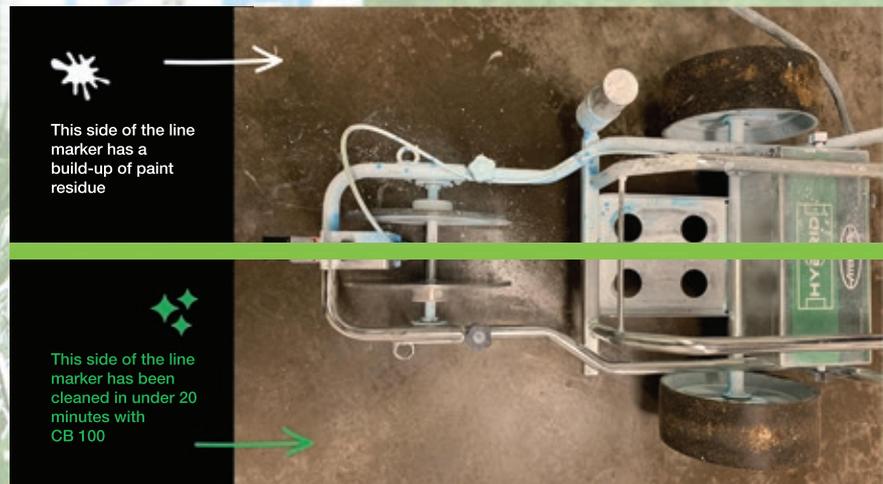

ALSO...

- ▶ Can also be used in parts-washers and immersion baths

YOU'RE IN
GOOD COMPANY

Pitchmark Ltd - the leading industry partner uses CB 100 to maintain and clean line-marking equipment.

This side of the line marker has a build-up of paint residue

This side of the line marker has been cleaned in under 20 minutes with CB 100
