

SAFE USE OF TORO MACHINES OPERATOR TRAINING

LEVEL 1

COURSE OBJECTIVES

This is practical training in the use of machinery operations, showing that the operator can manoeuvre the machine skilfully and safely. The training includes pre-use checks and maintenance; identification of controls and instrument panels, and operating the machine in line with the Provision and Use of Work Equipment Regulations 1998 (PUWER).

WHO SHOULD ATTEND?

Anyone with limited experience operating Toro Turfcare equipment. These courses are aimed at new starters, including landscape contractors, greenkeepers, farmers and operators from local authorities.
